SUMMARY

I am a dedicated Cybersecurity and Digital Forensics student passionate about network security and digital investigations. Currently, I am enhancing my skills through academic projects and self-learning while focusing on SOC practices. I am eager to apply my knowledge in practical environments to further develop my abilities in the cybersecurity domain

EDUCATION

Bachelor's Degree

Faculty of Computer and Artificial Intelligence - Benha University
09/2023 - 06/2027 Cairo, Egypt

CERTIFICATIONS

CC Certified in Cybersecurity

CC Certified in Cybersecurity from ISC2

Cybersecurity For Beginners

cybersecurity for beginners from ITI-Mahar-Tech

CCNA: Introduction to Networks

from Cisco Networking Academy

CCNA: Switching, Routing, and Wireless Essentials

from Cisco Networking Academy

CCNA: Enterprise Networking, Security, and Automation

from Cisco Networking Academy

Cybersecurity Defense Analyst Career Path

from Cisco Networking Academy

SKILLS

•Technical Skills:

Network fundamentals,

Digital forensics fundamentals

•Soft Skills:

Problem solving,

Communication

Team Work

TRAINING / COURSES

Security+ SY0-601 Prep

Preparation course for CompTIA Security+ certification

Computer Network Fundamentals

Fundamentals of computer networks

Red Hat System Administration I

Introduction to Red Hat system administration

Introduction to Network Security

Basics of network security

CCNA: Introduction to Networks

Introduction course to Cisco's networking

HCAI: Routing & Switching

HUAWEI's routing and switching fundamentals

eCIR Prep

Preparation course for INE Security eCIR certification

SOC Level 1 Learning Path

TryHackMe SOC Path

SOC Level 2 Learning Path

TryHackMe Advanced SOC Path
